AMF48-NZ

Aimtec’s EMC filter modules are extremely useful in reducing noise in sensitive analog circuit applications. Filters connected on the input of DC-DC converters can ensure system compliance with EMC requirements according to IEC/EN61000-4 and CISPR32/EN55032 standards.

Aimtec’s DC-DC converter modules can be paired with the new generation of Aimtec’s EMC filters to achieve the required compliance. The Aimtec EMC line can currently offers solutions up to 100W output power.
