## End of Life Notice

To Whom It May Concern:

SMC has made a decision to no longer offer the plastic version of some of our fast recovery products. The series affected is the "FRXXX" series of rectifiers. SMC will continue to offer the glass "G" version of these products which we have found to be of higher quality than the plastic version. Production will cease on June 1, 2018 at which time all orders for these products will need to be switched to the "G" (glass) version.

If you have any questions regarding this matter, please feel free to contact us. Thank you for your support of SMC Diode Solutions.
