Title:	Discontinuance of DLPR410AYVA		
Customer Contact:	dlp-pcn-team@list.ti.com	Dept:	Quality Services
Last date to order:	Oct 8, 2022	Last date to ship:	April 8, 2023
Change Type:	Product Discontinuance - End Of Life		

Product Discontinuance Notification Details

Description of Discontinuance:

Texas Instruments, Incorporated (TI) is announcing the discontinuance of DLPR410AYVA.

NOTE: There are no samples offered for withdrawn/obsolete products. If you have any questions, please contact your local sales representative.

Reason for Discontinuance:

DLPR410AYVA is being replaced by DLPR410BYVA. DLPR410BVYA offers very similar functionality as DLPR410AYVA but with the following enhancements:

- RST_ACTIVE is now asserted during float/park operations
- The code sets Voffset correctly for DLP650LNIR
- Minor adjustments to park reset timing
- Mirror float and power float now result in a full park sequence

The replacement DLPR410BYVA datasheet will be updated to clarify the improvements listed above more accurately.

Product Affected:

DEVICES BEING DISCONTINUED	RECOMMENDED REPLACEMENT PRODUCTS	REPLACEMENT CODE
DLPR410AYVA	DLPR410BYVA	Q

Replacement Notes:

- F = Similar functionality but not equivalent.
- P = Same functionality but not pin-for-pin equivalent and may not be parametrically equivalent.
- Q = Same functionality and PIN-OUT as the compared device but is NOT an exact equivalent.
- S = EXACT equivalent in functionality and parametrically to the compared device.

For questions regarding this notice, e-mails can be sent to the regional shown below or your local Field Sales Representative.
