Notification of New Order Codes for LEDiL Optics

LEDiL PCN 012012PCN1

Date of Notification: January 23 2011

Effective date of change: February 24, 2012

Items Affected: ALL

LEDiL, the only true specialist in the field of secondary optics for high-power and lighting-class LEDs produced by the world's prominent LED manufacturers, announces a change in its product order codes.

LEDiL will transition to new order codes, which make it easier to select and stock LEDiL product. The prefix (one, two, or three letter) indicates production location and packaging information. The 5 numbers that follow the prefix indicate drawing number. An underscore separates the prefix and drawing number from an alphanumeric description, which lists the product series, beam pattern and other descriptive information.

KEY BENEFITS

- Where two or more LEDs are approved for use in a customer design, end users can now specify one LEDiL order code for use.
- Authorized distributors will be able to stock fewer SKUs, thereby expanding their depth of LEDiL stock and ensuring quick delivery of product to our end users.
- Easier for receiving departments to verify receipts, as the product order codes now contain information indicating when an optics/holder combination is shipped assembled or as separate components, or with pre-installed mounting tape.

The PCN list is available as an MS Excel file - simply click on this [LINK](#) to access the file.

Prefix	Country/Assembly/Tape	Prefix	Country/Assembly/Tape
F	FI/optic or holder	C	CN/optic or holder
FA	FI/assembled optic+holder/tape	CA	CN/assembled optic+holder/tape
FN	FI/unassembled optic+holder/no tape	CN	CN/unassembled optic+holder/no tape
FX	FI/unassembled optic+holder/tape	CX	CN/unassembled optic+holder/tape
FP	FI/assembled optic+holder/no tape	CP	CN/assembled optic+holder/no tape
FCA	FI/assembled optic+holder/tape	CFA	CN/assembled optic+holder/tape
FCN	FI/unassembled optic+holder/no tape	CFN	CN/unassembled optic+holder/no tape
FCX	FI/unassembled optic+holder/no tape	CFX	CN/unassembled optic+holder/no tape
2F	FI/optic or holder	D	CN/optic or holder
		DA	CN/assembled optic+holder/tape
	FI = Finland, Country of Origin	DN	CN/unassembled optic+holder/tape
		CT	CN/unassembled optic in special tray
		CTA	CN/assembled optic in special tray
		CR	CN/reel packed optic
			CN = China, Country of Origin

LEDiL will accept orders for the new order codes on Friday, February 24, 2012. At that time, open orders will be converted to the new order codes and shipments from that day forward will reference the new order codes. We appreciate our distributors' support to ensure that this transition is conducted as seamlessly as possible.

Sincerely,

Joni Mäki
