Notice of Rohm product discontinuation and request of acceptance

We appreciate your business. Rohm cordially request your consideration and approval of discontinuation of our product Tantalum Capacitor (TCFGB/TCFPB series) used in your product which recently announced of discontinuation by examining our discontinuation plan below.
We will contact you for further detail after this initial notice letter.

1. Tantalum Capacitor (TCFGB/TCFPB series) Discontinuation Plan

- 1) Effective date: **2019/March/31st** (planned)
- 2) Service after the Discontinuation

Please inform us necessary quantity (including repair parts) by **2018/Sep/30th** so that we can bulk produce the parts before discontinuation, also would like you to purchase all the products of the necessary quantity in bulk production.

Rohm continues to provide quality assurance support on the delivered products. We keep relating materials such as standards (under company regulation) and technical documents including the drawings even after discontinuation.

In case restart of production is necessary because of unavoidable situation, we treat the products as new product development. Hence we strongly recommend the bulk purchase of the product before discontinuation.
