## Obsolescence Notification: CMX860 (All Package Variant)

Dear Valued Customer,

Please be advised that as the result of an internal review, the following devices are now being classified as Obsolete and are being taken through the CML 'Obsolescence' program.

**CMX860D1**  
**CMX860D6**  
**CMX860E1**

A 'Last Time Buy' (LTB) procedure is now in force with the following applicable dates:

- Orders on the above products will be accepted from May 22, 2020 through November 27, 2020. All orders are non-cancelable.
- Orders for the above products will be subject to a price increase during the second half of the order acceptance period. The price increase will take affect for orders placed after August 31, 2020.
- These orders must be fully scheduled for delivery, with the latest order schedule date being before May 21, 2021.
- The 'LTB' procedure will be complete on May 21, 2021.
- Order acceptance is subject to individual product availability.

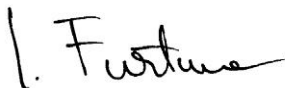

**As a replacement, we would suggest you consider the following:**

**CMX865A – DTMF Codec and FSK Modem Signaling Device**

We look forward to your support in progressing this action to a successful conclusion but should you need to discuss this further, please do not hesitate to contact our Sales Team directly.

Thank you for the opportunity to serve your needs on these products and we look forward to servicing future needs with our newer products. We apologize in advance for any inconvenience this action might cause.

Best Regards,

Ion Furtuna  
VP of Sales
