

**Date: May 9, 2014**  
**To: Eaton's Bussmann Business & Eaton's Electronics TCP series fuse customers**  
**Subject: Product Change Notice – Added Manufacturing Location**

Dear Valued Customer:

Effective September 30, 2014, Eaton is adding a second manufacturing location in Dongguan, China. The new manufacturing facility will enhance our ability to better serve you and support our future growth. The parts manufactured in the new facility retain the same designs, materials, agency approvals, and process with no change to form, fit, function or performance.

Part numbers affected:  
TR2/TCP500mA-R  
TR2/TCP1.25A-R  
TR2/TCP2A-R

If you have any question about this product change, please contact your local Eaton representative.

Regards,

Jason Lee  
Global Product Manager  
Eaton  
Electronics Division
