

Product End of Life cycle (EOL) Notice (Notification on termination of Module Product)

December 23, 2021

To whom it may concern,

This letter is to inform you that Samsung Electronics plans to execute an End of Life cycle (EOL) process for family products called V-series Gen2 linear modules.

(See below for specific part numbers).

After a thorough review of our existing product offering we have made the determination to discontinue these products in order to provide you with more advanced products while more efficiently managing our product portfolio.

We sincerely appreciate your business with Samsung LED, and we ask your understanding on any inconvenience caused by the EOL.

We hope that this notification allows you time to complete existing projects using your current designs and shift future designs to one of our other advanced solutions. Please note that, if EOL occurs prior to the expiration of the warranty period, we reserve the right to service this warranty with replacement parts.

Please contact your Samsung Electronics representative with any questions or concerns regarding this matter.

Part Numbers on EOL list

Name	Model	Part Number	Alternative	
V-series Gen2	VB22C	SI-B8V342B2CUS	V-series Gen3 Cutttable	SI-B8V243B20WW
		SI-B8U342B2CUS		SI-B8U243B20WW
