

Let's get started!

This device requires Helium Network coverage.
Check the coverage in your area at:
<https://explorer.helium.com/coverage>

1

Charge the tracker using the provided USB cable to power up the device.

We recommend that you fully recharge the device on first, which will take 80 minutes.

2

Download the Invoxia GPS app.

3

Launch the Invoxia GPS app.

Follow the instructions to pair your tracker to your phone.

Invoxia GPS

4

Start tracking your belongings.

Need more help with your tracker ? In the app, tap Settings › Help Center or visit support.invoxia.com

Minimum requirements:

An iOS device (iOS 12 or more) or an Android device (Lollipop 5.0 or more).

CE

Invoxia hereby declares that this device is in compliance with the Directive 2014/53/EU. The full text of the EU declaration of conformity is available at www.invoxia.com/compliance.

Restrictions or Requirements in BE, BG, CZ, DK, DE, EE, IE, EL, ES, FR, HR, IT, CY, LV, LT, LU, HU, MT, NL, AT, PL, PT, RO, SI, SK, FI, SE, UK

Disposal of Electric & Electronic Equipment. This symbol indicates that this product should not be treated as household waste. Instead hand it over to the appropriate collection point for the recycling of electrical and electronic equipment which will conserve natural resources.

FCC ID: ZVS-LWT1

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IMPORTANT NOTE:

FCC Radiation Exposure Statement: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
